

Shower at the Swimming Pool

~~~~~

We decided to go to a swimming pool.

We packed the swimming things  
that we needed.

We headed off to the pool.

It had been a while  
since we went to a swimming pool,  
so we really enjoyed it.

We were ready to go back home.

So we started to have a brief shower.

It's weird.  
Why can't I get any  
fun on my lady?

Well, perhaps  
you used too little gel?  
Squish the tube more.

See? It still  
doesn't work

That's weird.  
Use mine. It's in my bag.  
And give me that

Here!

Maybe  
it's out of date  
or something?

A few hours ago, at home

Shower gel ...  
bleh bleh ... razor?

Now, Peel

The gel, that man scrubbed  
all over his body, was ...

Shaving gel.
